About Me

Enthusiastic B.Tech student specializing in Artificial Intelligence and Machine Learning (AIML) with a strong interest in software development, AI-driven solutions, and data analytics. Passionate about problem-solving and building innovative projects such as AI-based systems and web applications. Skilled in Python, and modern technologies with a continuous learning mindset and the ability to work effectively in team environments.

Education

Bachelor of Technology (B.Tech) in Artificial Intelligence and Machine Learning	CGPA: 7.75
R C Patel College of Engineering and Polytechnic, Shirpur	2024 – 2026
Higher Secondary Certificate (HSC)	2024
G. T. Patil Junior College, Nandurbar	
Secondary School Certificate (SSC)	2022
ST. Mother Teresa English School, Nandurbar	

Training

Python with NumPy & Pandas Industrial Training – R3 Systems India Pvt. Ltd. (2025)

Completed 12 days of hands-on industrial training focused on Python programming, NumPy, and Pandas for data analysis and data handling. Gained practical knowledge of Python fundamentals, data manipulation, and analytical techniques from basics to advanced concepts.

Leadership & Positions of Responsibility

Campus Mantri — GeeksforGeeks (GFG)

- Served as Campus Mantri (student representative) for GeeksforGeeks at the college campus.
- Engaged with the student community to encourage participation in technical learning activities.
- Helped promote coding practice, learning resources, and skill-development opportunities among peers.

Campus Ambassador — Techfest, IIT Bombay

- Represented Techfest, IIT Bombay on campus as a Campus Ambassador.
- Promoted Techfest activities, competitions, and opportunities among students.
- Acted as a point of contact between the college and the Techfest organizing team.

Core Member — CODASTRA Programming Club, R. C. Patel College of Engineering and Polytechnic

- Active core member of the college's CODASTRA Programming Club.
- Collaborated with fellow members on programming and technical community initiatives.
- Supported coding-related activities and contributed to a collaborative learning environment.

Projects

SeatMatrix AI — Flask, Python, ReportLab

Developed an AI-based exam seating arrangement system with automated seating and PDF generation features.

Footstep Power Generation — Arduino, LCD Display, Piezo Disk

Designed a smart energy generation system that converts footsteps into electrical energy using piezoelectric sensors and Arduino-based hardware components.

CropNex — AI-Based Crop Recommendation System

Developed a machine learning-based crop recommendation system using the Random Forest algorithm for accurate crop prediction.

Krishi-SAHAYOG — Python, Django, Real-Time Bidding, OTP Authentication

Designed a digital platform connecting farmers and merchants with secure OTP authentication and real-time bidding functionalities.

IPL Analysis Dashboard — Power BI

Created an interactive IPL analytics dashboard for visualizing team performance, player statistics, and match insights.

Technical Skills and Tools

- **Languages:** Basics of C, Python, SQL.
- **Libraries & Frameworks:** NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, OpenCV, Django, Flask.
- **AI/ML:** Machine Learning Models, Data Analysis, Data Visualization.
- **Databases:** MySQL, MongoDB.
- **Tools & Platforms:** Power BI, VS Code, Jupyter Notebook.

Certifications

- Python with NumPy & Pandas Industrial Training — R3 Systems India Pvt. Ltd. (2025)
- Machine Learning Virtual Internship — SkillCraft Technology (2026)
- Artificial Intelligence Virtual Internship — CodSoft (2026)

Interest

Research and Exploring New Technologies, Listening to Music, Building Innovative Projects.

Languages

Spoken Languages: English, Hindi, Marathi, Gujarati
